

## WEETABIX CHEESECAKE (BREAKFAST)

---

1 serving

Overnight

### INGREDIENTS

2 Weetabix

Almond milk

Greek yoghurt

Vanilla protein

Fruit of choice as topping  
(strawberries, blueberries,  
raspberries)

### DIRECTIONS

1. Place the Weetabix biscuits in a bowl and crush them into smaller pieces. You can use the back of a spoon or your hands to break them up. Add weetabix to a lunch box and crush down to make a base.
2. Pour a splash of almond milk over the crushed Weetabix. Add the protein powder to 200grams on greek yoghurt and mix together. Evenly distribute on top of the base.
3. Refrigerate the mixture overnight or for at least 4-6 hours.
4. Top the overnight protein Weetabix with fresh fruits, berries, or any other toppings you prefer.
